

Computer lab school desk H. 76 cm h908_209

Computer lab table 160x80 cm in steel and ivory wood. Size 6 for adults, with ergonomic "C" structure and optional setup. The **H908_209 computer lab table** is a professional solution designed for the setup of educational and operational stations in high-frequency environments. The structure is designed to solve the typical critical issues of laboratories, offering **high mechanical stability** and optimal space management for hardware and educational materials. Thanks to **size 6**, the module meets the ergonomic requirements necessary for prolonged use by secondary school students and adult users.

Technical characteristics

- **Type:** Single-seater computer lab table
- **Dimensions:** W 160 x D 80 x H 76 cm
- **Size:** 6 (school regulation for secondary school students and adults)
- **Structure:** Steel frame with "C" legs in Ø 40 mm tube
- **Structure finish:** Aluminum color painting
- **Worktop:** Large ivory-colored surface
