

Computer lab table 160x80 mm h908_208

Computer lab table in steel and ivory top 160x80cm. Ergonomic C-structure ideal for school laboratories and professional training.

The **H908_208 computer lab table** is a professional furnishing solution designed to support complete multimedia stations in educational and training contexts. Thanks to its **size 5**, the module meets the ergonomic needs of secondary school students and adult users, ensuring correct posture during prolonged use of digital devices.

The peculiarity of the design lies in the **C-shaped structure in painted steel**, which not only gives extreme mechanical stability to stresses, but also frees up the space below the top, facilitating user movement and orderly cable management. The generous 160x80 cm top allows the simultaneous housing of hardware (monitor, case, peripherals) and paper material, solving the problem of overcrowding typical of standard computer stations.

Technical features

- **Type:** Professional table for computer workstation
- **Structure:** C-shaped legs in steel tube Ø 40 mm
- **Dimensions:** W 160 x D 80 x H 71 cm (Size 5)
- **Materials:** Aluminum-colored painted steel structure, ivory-colored top
- **Ergonomics:** Specific design for secondary schools and training centers
- **Resistance:** Structure designed for intensive use in public environments

Available options

- CPU holder support in sheet metal with under-top fixing
- Pull-out keyboard tray in black finish
- Cable hole Ø 60 mm with polypropylene cap
- Plastic cable duct for wiring management
