

Concrete bollard h31906

Traffic bollard made of high-strength concrete. Dimensions: 45x45xh.80 cm. Available in various finishes. CAM-compliant product.

Boundary bollard **made in Italy** with high-quality materials, ideal for delimiting spaces and preventing access within restricted traffic zones and historic centers. Innovative design structure made entirely of **high-strength concrete**, high-frequency vibrated and polished in all its parts to avoid sharp edges. The concrete bollard is equipped with a **practical upper ring** for chain insertion.

Technical features:

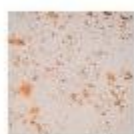

- Dimensions: 45x45xh.80 cm
- Materials: concrete
- Available in various finishes
- Equipped with upper ring
- Prepared for optional ground fixing
- Made in Italy
- The product complies with CAM criteria
