

Concrete boundary bollard h287_163

Concrete and Rosso Verona marble grit bollard Ø50xH70 cm. Self-standing model with chain ring and decorative aluminum band.

This **bollard for public spaces** is designed for vehicular traffic management and the delimitation of pedestrian areas or limited traffic zones. Thanks to its structural mass, the device acts as an effective physical barrier, while ensuring a harmonious aesthetic integration in prestigious urban contexts and historical centers. The **Rosso Verona marble grit** finish gives the product superior resistance to atmospheric agents and a natural, durable color rendering.

Technical features
