

## Concrete litter bin with ashtray h19191

Waste bin for urban furniture. Material: concrete. Capacity: 120 liters. Dimensions: L.57 x W.57 x h.75 cm. Available in various finishes.

**Waste collection bin** in concrete ideal for any urban context. Large bin made of **concrete conglomerate** equipped with a practical steel sheet lid with a square central hole designed to reduce the loading opening and house the ashtray located in one of its corners.

The lid is equipped with a **triangular key lock** and is hinged on one side to allow tipping and access to the bag retainer ring for emptying waste and the ashtray.

Due to its shape, dimensions, and weight, the product is to be considered **self-standing**.
