

## Concrete ping pong table h677\_24

Outdoor ping pong table with concrete structure. Dimensions: h 76 x w 274 x D 152.5 cm.

**Outdoor game table** for playgrounds, public parks, camping areas, thermal baths, holiday villages, sports fields, beaches and hotels. **Elegant and practical solution** made of **reinforced and fiber-reinforced concrete**, with **high resistance**. The finely polished tabletop features a natural multi-colored mosaic design consisting of natural marble or granite stones. The base consists of two embossed concrete legs. The joining elements of the tabletop to the legs are made of metal, covered with zinc epoxy primer and powder coated. The connection components are made of stainless steel. The overall structure is resistant and durable, being covered with a protective coating that isolates and protects it from potential damage and impurities generated by atmospheric agents. The ping pong table, available in two color variants, is the perfect choice for long-lasting fun.

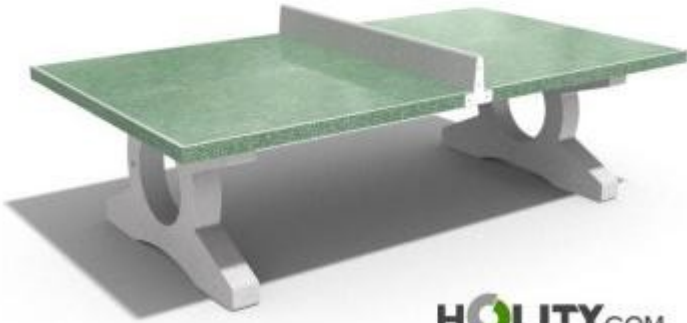

### Technical features:

- Material: fiber cement
- Dimensions: h 76 x w 274 x D 152.5 cm
- Availability of the top in two colors: blue, green
- Legs in white color
- Ground fixing via placement
- Weight: 1000 kg

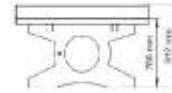

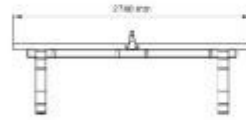

## INFORMATION

- Height in millimeters 760.000000
- Width in millimeters 2740.000000
- Depth in millimeters 1525.000000
