

## Concrete street furniture planter h470\_11

Rectangular light concrete planter, 100x40x50 cm. Made in Italy design for street and condominium furniture with high resistance and stability.

The concrete planter represents a structural and decorative solution designed for the delimitation and furnishing of professional outdoor spaces, access paths, and common condominium areas. The light concrete finish has been specifically selected to ensure a harmonious aesthetic impact, capable of enhancing the architectural context without being chromatically invasive. Made with top-quality materials, the product ensures optimal thermal inertia for the protection of the root system of the planted species.

## Technical characteristics
