

Concrete urban furniture ashtray h86_257

Outdoor ashtray in robust and anti-vandal concrete, self-stabilizing. Dimensions: W 40 x D 40 x h 65 cm.

The **ashtray** in concrete is designed for urban environments and public spaces, ensuring a unique combination of style and durability. Perfect for **parks, squares, office entrances and high-traffic public areas**, this ashtray is built to withstand wear, vandalism and adverse weather conditions. The robust and compact design fits harmoniously with various urban architectural styles, helping to keep outdoor spaces clean and prevent environmental degradation.

The ashtray is equipped with a **1.5L stainless steel internal container**, removable and practical to empty, which ensures high hygienic standards. The integrated **anti-theft chain** prevents unauthorized removal, increasing the product's safety and longevity. The appearance of the coating not only offers a refined look, but is also resistant to atmospheric agents and abrasions. Thanks to its self-stabilizing structure, it does not require permanent fixing, making the ashtray easily movable if necessary.

Make your public spaces cleaner and safer with this resistant and easy-to-maintain concrete ashtray! Buy it now or request a quote for larger quantities.

Technical features:

- **Coating material:** high-resistance concrete, which guarantees aesthetics and durability over time.
- **Capacity:** 1.5L stainless steel, complete with anti-theft chain for greater security.
- **Dimensions:** W 40 x D 40 x h 65 cm, ideal for adapting to public spaces without being invasive.
- **Resistance:** designed for outdoor use, weather-resistant and anti-vandal.

User benefits:

- **Robustness and safety:** the concrete structure resists vandalism, ensuring maximum safety in public environments.
- **Stability without fixing:** self-stabilizing design that eliminates the need for permanent installations, allowing maximum flexibility.
- **Zero maintenance:** the resistant material does not require special care, reducing management and maintenance costs.
- **Elegant and discreet appearance:** the modern and neutral concrete aesthetic integrates easily into any urban context.

FAQ:

- **Is the ashtray also suitable for indoor use?**
It is specifically designed for outdoor spaces such as parks, squares and public areas.

- **Does it require permanent installation?**

No, the structure is self-stabilizing and does not require fixing to the ground, allowing maximum versatility.

- **What is the capacity of the internal container?**

The capacity of the internal container is 1.5L, sufficient for use in public areas with frequent crowds.

- **How is the internal container emptied?**

The internal stainless steel container is removable, making emptying simple and quick.

Mini buying guide:

When choosing an **ashtray for outdoor use**, consider resistant materials and robust designs, especially if the ashtray will be installed in high-traffic areas. This model offers safety, resistance to impacts and weather conditions and practicality of use thanks to the removable container and the anti-theft chain. It is ideal for urban contexts where durable solutions with a refined aesthetic are required.
