

Concrete urban furniture bollard h45001

Cylindrical reinforced concrete bollard for urban furniture, Ø 310x400 mm, with galvanized eyebolt and anchoring bush for squares and historic centers.

This **urban furniture bollard** is designed for the delimitation and access control in public and private areas. Its cylindrical structure with rounded ends offers a sober and functional design, ideal for aesthetic integration into squares, courtyards, and historic centers. The product is made of **vibrated and sandblasted reinforced concrete**, subjected to a specific anti-degradation treatment that guarantees its durability against atmospheric agents and mechanical wear.
