

Conference podium with LCD screen h752_04

Conference room podium with LCD monitor. Material: transparent plexiglass. Dimensions: W.55 x D.40 x h.120 cm.

Multimedia podium perfect for conventions, congresses, political meetings, university sessions. Built entirely in **transparent methacrylate** and characterized by curved lines that combine robustness and elegance, making the podium suitable for any environment. Included in the supply is an **LCD screen** placed under the reading surface, which allows the speaker to read information coming via connection to a PC. The front structure is equipped with a **double bottom** to keep all cables hidden and leave the speaker's area free.

Technical features:

- Dimensions: W.55 x D.40 x h.120 cm
- Material: transparent methacrylate
- 19" LCD screen included
- Audio setup (2 sets of 3-pole Canon XLR connections + internal wiring in the lower part of the lectern)

**Upon request and subject to a quote, it is possible to add accessories (microphone, lamp, advertising panel...)*

INFORMATION

- **Height** 120 cm
- **Material** plexiglass
