

## Conference room armchair h1038\_30

Foldable tub armchair h1038\_30 with wheels. Steel frame, cold foam padding and high-resistance PVC/PU upholstery.

The **conference room armchair h1038\_30** is a foldable tub seat designed to combine ergonomic comfort and maximum space optimization. Characterized by a **foldable steel frame** and equipped with nylon swivel castors, this armchair allows for dynamic room management, making it ideal for **conference rooms, meetings and auditoriums**. The **cold foam** padding ensures support and prolonged comfort, while the technical upholstery guarantees exceptional durability even in high-traffic contexts. Its slim shape solves the operational problem of quickly setting up large spaces, ensuring a **reduced footprint** once stored, without sacrificing a professional and versatile aesthetic.
