

Conference room chair with 1 armrest h1038_17

Conference chair with armrest and polypropylene shell, painted semi-ovale steel frame. Dimensions W 56 x D 53 x H 80 cm.

The **conference room chair h1038_17** is a professional furnishing solution designed to ensure functionality and resistance in collective contexts. Characterized by an injection-molded **polypropylene shell** and a supporting structure in epoxy powder-coated **semi-oval steel tubing**, this seat meets the needs of public bodies, congress centers, and companies requiring durable fixed workstations. The integration of a **single nylon armrest** optimizes operational space without compromising user comfort, solving the problem of seat management in high-density environments where stability and ease of maintenance are fundamental requirements.
