

Conference room chair with padded seat h1038_26

Professional conference room chair with water-repellent padded seat and backrest, writing tablet and nylon armrests. Painted steel structure. Dimensions: W 60 x D 70 x H 80 cm.

The **h1038_26 conference room chair** is a technical seat designed for classrooms, congress centers and multi-purpose rooms. The structure combines an injection-molded **polypropylene shell and backrest** with a **padded seat and backrest** upholstered in a high-resistance water-repellent technical fabric (90% polyester, 10% nylon), tested for 60,000 Martindale cycles. The chair is equipped with **nylon armrests** and a practical black thermoplastic **writing tablet**, solving the needs for learning and writing support. The base is made of **semi-oval steel tubing** with epoxy powder coating, ensuring stability and long-lasting durability even in intensive use contexts.
