Dog waste container for anchoring h109155

Urban furniture bin in sheet metal for dog waste collection, 35 lt, swivel lid and rear door, Italian production.

Bin specifically designed for the collection of dog waste in urban and public contexts. Built entirely in **Italy** with high-quality materials, it represents a functional and durable solution for the hygiene and decorum of public areas.

The bin is made of **sheet metal** treated to resist external aggressions, ensuring a long useful life even in environments exposed to weather and wear. The structure includes a **swivel lid** that allows for quick waste insertion, and a removable **rear door** that facilitates the extraction of the bag fixed to the internal bag-holding structure. Anchoring is guaranteed by a tubular arch with a diameter of 38 mm, fixed to the ground using expansion bolts.

Technical characteristics

- **Dimensions:** 420 x 250 x h.1100 mm
- **Capacity:** 35 liters
- **Weight:** 10 kg
- **Material:** treated sheet metal
- **Color:** GREEN RAL 6005

- **Fixing:** ground expansion bolts
- **Support frame:** tubular diameter 38 mm
