

## Indoor waste collection container with ashtray h86\_115

Recycling bin with support for 2 bags of 75lt each. With 3lt ashtray. Dimensions: W.550 x D.450 x H.900 mm.

**The indoor waste container** is the ideal product to ensure proper waste separation inside public buildings, schools and universities. The product features a **manganese grey steel structure** and is also equipped with supports for two **75L** bags each with colored lids. In fact, it is possible to choose between two different color alternatives in order to visually differentiate the contents of the bag: **grey 7033 and yellow 1021** or **yellow 1021 and blue 5002**. Thanks to the reduced opening of the lids, it is also possible to limit the introduction of bulky objects. Finally, the bin is equipped with a **3L removable side ashtray**.
