

## 50L dog waste collection container h326\_55

High-density polyethylene dog waste collection container with integrated lateral bag dispenser. Rectangular base, ABS lid with slot. Pole mounting with metal support.

The dog waste collection container is designed to **maintain hygiene and cleanliness** in public parks, municipal streets, and areas dedicated to walking pets. It represents a practical and tidy solution for managing waste generated by dog droppings in shared spaces.

The structure combines **high-density polyethylene** for the main container with **thermoformed ABS** components for the lid and the side dispenser. The modular design facilitates fixed installation using a polypropylene pole and ensures reliable operation over time.

## Technical features

- **Materials:** High-density polyethylene, thermoformed ABS, polypropylene
- **Main container:** Rectangular base 30 x 45 cm, height 60 cm, frustum-conical shape
- **Lid:** Thermoformed ABS with slot and lock for controlled opening
- **Bag dispenser:** In thermoformed ABS, painted blue, dimensions 228 x 445 x H.95 mm, capacity up to 350 bags
- **Fixing support:** Metallic in galvanized sheet metal, thickness 15/10 mm, connection via 2 clamps
- **Mounting pole:** Polypropylene, thickness 7 mm
- **Anchoring base:** Welded polypropylene flange, thickness 130 mm, with 4 holes for ground fixing
- **Total dimensions:** L.51 x P.45 x H.120 cm
- **Weight:** 9.5 kg
