

Convertible hand truck with toe plate on 4 wheels h55_95

Convertible welded steel hand truck, 3 loading configurations, load capacity up to 300 kg. Dimensions 560x510x1250 mm, ideal for heavy-duty logistics.

The **convertible crate trolley** is a versatile solution designed for the optimization of goods handling operations in industrial and logistical contexts. Made of **welded steel** with a green RAL 6018 epoxy powder finish, the tool stands out for its ability to adapt to different types of loads thanks to **3 operating positions**: 2-wheeled vertical for small parcels, 4-wheeled inclined for heavy loads, and 4-wheeled with platform for stacked or oversized items.
