

Countertop cone holder with 8 tubes for pastry shops h41211

Countertop cone display ideal for bars and ice cream parlours. Rotating and composed of 8 tubes. Available in different finishes. The cone holder is an indispensable furnishing accessory for ice cream parlours, bars and pastry shops that need to display ice cream cones.

The product consists of **8 rows of different diameters**, 4 tubes Ø 6.5 cm and 4 tubes Ø 7.5 cm, being able to hold **different types of cones** in a single display.

Being **rotating**, it will be possible to orient the display as preferred for easy customer selection of the desired type of cone. The **cones are removable from the bottom**.

The **countertop** display is perfect for being placed in various types of venues thanks to the possibility of choosing **between different finishes**.
