

Crate hand truck h55_135

Electrowelded iron crate hand truck, capacity 250 kg, toe plate 42x22 cm and pneumatic wheels Ø 260 mm. Robust and ready for use for bulky loads.

The **h55_135 crate hand truck** represents a professional and robust solution for the logistical handling of crates, packages and bulky loads. Featuring a **straight back**, the design optimizes load support making it ideal for both intensive use in industrial environments and for domestic and commercial applications. The structure is entirely made of **electrowelded iron** and protected by an acrylic powder coating in green RAL6018, ensuring high resistance to corrosion and mechanical wear over time.

Technical features

- **Structure:** Electrowelded iron with acrylic powder finish
- **Total dimensions:** W 50 x D 52 x H 125 cm
- **Loading toe plate:** 42 x 22 cm for bulky loads
- **Maximum capacity:** 250 kg
- **Wheels:** 2 pneumatic wheels Ø 260 mm with steel rim
- **Rotation mechanics:** Roller cage for smooth rolling
- **Tires:** 4-ply (4PR) with maximum pressure 2.5 bar (36 psi)
- **Handle:** Ergonomic grips in non-toxic rubber for a secure hold
- **Configuration:** Wheels inside the structure for maximum stability in tight spaces
- **Unladen weight:** 15 kg
- **Compliance:** CE certification
- **Supply status:** Assembled and ready to use
