

Crate hand truck with wide toe plate 400x160 h55_108

Steel crate hand truck with wide 400x160 mm toe plate and 300 kg capacity. Ø 200 mm solid rubber wheels and ergonomic straight-back structure.

This **professional crate hand truck** is designed to facilitate the manual handling of heavy and bulky loads in industrial and logistical contexts. The structure, made of **high-resistance steel** with an acrylic powder coating finish, ensures long-lasting protection against wear and oxidation. Thanks to the **straight-back** configuration and the oversized loading plate, the truck solves the critical issues related to transporting stacks of crates, packaging, and heavy materials, ensuring stability and safety for the operator.
