

## Crate transport trolley h55\_44

Professional plastic trolley for transporting crates and packages, load capacity 150 kg. Space-saving folding handle and 4 rubber swivel wheels.

The **crate, package, and parcel transport trolley** is an essential logistical tool designed to facilitate manual load handling in warehouses, distribution centers, or for mobile use by couriers and transporters. The structure is made of **high-resistance plastic material**, designed to withstand intense work cycles while maintaining an extremely low self-weight. The steering system relies on a **foldable tubular handle** that allows the trolley to be transformed into a flat platform, facilitating storage in vehicles or narrow spaces when not in use.

## Technical features

- **Total dimensions:** W 40 x D 60 x H 78 cm
- **Support surface area:** 40 x 60 cm
- **Dimensions in closed configuration:** 40 x 60 x 14 cm
- **Platform material:** High-resistance engineering plastic
- **Maximum load capacity:** 150 kg
- **Trolley weight:** 4 kg
- **Rolling system:** 4 rubber swivel wheels (diameter 80 mm)
- **Compliance:** CE certification
