

Crate trolley double handle h55_71

Crate trolley for stair transport with double handle. Capacity approx. 250 kg

Crate trolley for **stair** transport, with **double handle**. The handle, housed on two rear supports, can be removed and hooked under the loading plate to be used by a second operator. Transport with the **double handle activated** allows for easier transport even with **heavier weights**. Ideal for loading appliances and bulky loads. With star wheels particularly ideal for all transport needs. With this trolley, it is possible to move, both on flat ground and over obstacles, beverage crates, moving boxes, planters, and appliances. Equipped with **6 industrial rubber wheels** on a rotating star **Ø150**. The star support is made of pressed and galvanized sheet metal with a central hub with **roller bearings**. Wheels with roller rotation. Crate trolley perfect for stoneware, asphalt, concrete, and resin. Wheel guards to protect the wheels from transported loads.

Technical features:

- Material: metal
- No. 6 industrial rubber wheels on a rotating star Ø150 mm
- Dimensions: 630x510xh1260 mm
- Toe plate dimensions: 420x220 mm
- Weight approx.: 17 kg
- Capacity approx.: 250 kg
- Non-toxic rubber grips
- Ergonomic handle
- Wheel guards to protect the wheels from transported loads
- Acrylic powder coating
- Compliant with CE standards
