

Crate trolley h464_355

Professional steel platform trolley with 74x48 cm deck, 100 kg capacity, space-saving folding structure and swivel wheels with brake.

This **platform trolley** is designed to facilitate the manual handling of light and medium loads in professional and private contexts. Made with a sturdy **steel** structure, the device guarantees stability and torsional resistance during transport. The integration of a **folding closure mechanism** allows for a drastic reduction in the trolley's footprint when not in use, making it easy to store in tight spaces or transport inside commercial vehicles. Maneuverability is ensured by a system of swivel wheels equipped with a parking brake, essential for safe operation on inclined surfaces or during loading and unloading phases.

Technical features
