Cube-shaped seat for nursery school h979_18

Red cube-shaped seat for nursery school with melamine internal structure. Dimensions 430 x 430 mm.

The **h979_18 cube-shaped seat** is an ideal solution for creating **welcoming and functional school environments**, perfect for nurseries, preschools, and playrooms. Thanks to its **compact and lightweight shape**, it is easily transportable and can be used to compose dynamic play spaces.

The dimensions of **430 x 430 mm** make it suitable for children of different ages, offering **comfortable support** during school and play activities.

The **internal structure** is made of **19 mm melamine panel**, a resistant and durable material, covered with **high-density molded foam (30 kg/m³)** to guarantee **optimal comfort** for children. Three-layer wood particle board, bonded with synthetic resins through high-temperature flat pressing and sanding. Density 630 kg/m covered with melamine-impregnated decorative paper.

The **faux leather upholstery** is designed to resist **flexing and abrasion**, with tests certifying its durability up to **100,000 cycles** (ISO 7854:1995 – EN ISO 12947-1/2:1999). It is also **water-resistant, stain-resistant, and antimicrobial**, making cleaning simple and effective with a damp cloth and neutral soap.

The **non-slip PVC feet** ensure **stability and safety**, protecting the floor from scratches and signs of wear.

The product is **supplied already assembled** and ready for use. Furthermore, it is certified according to **ISO 9001, 14001, and 14006** quality standards, guaranteeing materials and production processes that comply with the highest safety and sustainability requirements.

Perfect for safe and colorful educational environments! Buy the **h979_18 cube seat** now or request a personalized quote.
