

Curved bench for urban furniture h287_251

Curved bench for urban furniture. Available in various colors.

Public space bench with an elegant curved design, composed of no. **2 supports in steel sheet** laser-shaped with 60/10 thickness. Seat made of round galvanized steel tube mm. 20 appropriately shaped with black PE finned spherical head caps at the ends. Finish: **The galvanized steel parts** first undergo a degreasing pre-treatment process for impurities through steam solutions, then dried and subjected to painting operations using electrostatic guns that coat the pieces with powder paint in a floury state. Subsequently, the product is subjected to oven polymerization, a process that allows the powder to solidify by baking at a temperature of 180/200° C in a hot air circulation oven. The pieces coming out of the oven are naturally cooled. The powders used in the painting process are **non-toxic** according to current regulations. **Hardware and bolts: galvanized according to UNI 3740 standards.**

Technical features:

- Curved bench
- Material: galvanized steel
- Ground fixing
- Assembly kit
- Overall dimensions: 47xh.45 cm
- Built according to safety requirements and test methods UNI 11306:2009
