

Curved mat h999_14

Professional curved changing mat in antibacterial eco-leather and 25 kg/m³ foam. Dim. 70x50x10 cm, ideal for nurseries and psychomotricity 6-18 months.

The **curved changing mat for nursery schools** represents a professional solution designed for the specific needs of **nurseries, preschools and educational centers**. Intended for children in the age group between **6 and 18 months**, this support combines the needs of daily hygiene with psychomotor development. The internal structure in **high-density foam (25 kg/m³)** is designed to offer stable ergonomic support, avoiding sinking while ensuring a welcoming surface.

The external covering in **antibacterial and bite-resistant eco-leather** ensures a high standard of safety and superior resistance to mechanical wear. The peculiar **curved shape** is not only aesthetic, but acts as a lateral containment barrier to prevent accidental movements of the child during changing or motor exploration activities. The product complies with strict **European regulations for child safety**, making it a reliable investment for high-frequency use facilities.
