

Deep soap holder for hotel bathrooms h438_291

Deep triangular soap holder in bright chrome-plated brass (9.4x24.9x18.8 cm), specifically for wall-mounted installation in hotel environments.

This **corner soap holder** is specifically designed to optimize space in the bathroom environments of accommodation facilities, hotels, and B&B. Its **deep triangular shape** allows for safe containment of courtesy products, preventing accidental falls. Made of **chrome-plated brass** with a high-quality bright finish, the support guarantees superior resistance to corrosion in high-humidity environments. Installation is wall-mounted, secured by a solid four-point fixing system.
