

Dental stool h784_08

Dental stool with gas spring for height adjustment via lever from 51 to 70 cm. Stainless steel structure. Seat diameter: 38 cm.

Professional stool specifically for dental and orthodontic practices. Consisting of a **stainless steel frame with a 5-spoke base** with wheels and **footrest ring**. Equipped with a **comfortable backrest and circular seat**, both with soft padding and high-quality easy-to-clean upholstery. Thanks to a gas spring mechanism, it is possible to **adjust the backrest height** based on needs using a **lever located under the seat**.

Technical features:

- Stainless steel frame
- 5-spoke base with double swivel wheels
- Footrest ring
- Seat diameter: 38 cm
- Padded and upholstered seat and backrest
- Height-adjustable seat 51-70 cm via gas spring with manual control lever
- Available in multiple colors

***Other colors available upon request*
