

Dental work stool h784_09

Stool for dental practices with stainless steel frame. Height adjustable from 49 to 68 cm with foot control. Round seat Ø38 cm.

Work stool ideal for use in dental practices and clinics. It ensures maximum comfort thanks to the presence of an **anatomical backrest**, a **footrest ring** at the base and a **height-adjustable seat** via gas spring with foot control disc. The structure is very resistant as it consists of a **stainless steel frame** and a sturdy **5-spoke base with double wheels** that allows for easy movement on any type of floor. The seat and backrest are both equipped with **soft comfort padding** and upholstered in high-quality washable and disinfectable material.

Technical features:

- Stainless steel frame
- 5-spoke base with double swivel wheels
- Chromed steel footrest ring
- Padded and upholstered seat and backrest
- Height-adjustable seat 49-68 cm via gas spring with foot control disc
- Available in several colors

***Other colors are available upon request*
