

Design street furniture bench h867_09

Street furniture bench with a unique design. Dimensions: 1880 x 595 x 750 mm.

The street furniture bench is characterized by its particular design, which makes it especially suitable for maritime areas and tourist spots. The item is made **of steel** and features both the seat and feet in 5 mm thick sheet steel. **The steel sheet sealing plate** has instead a thickness of 10 mm. **The backrest extends only on the right side of the bench**, thus increasing the sinuosity and uniqueness of the item. The powder-coated finish ensures durability over time and protection against atmospheric agents. Ground fixing is carried out using pins not supplied.
