

Desk with wire shelf h848_42

Desk h848_42 (70x50x59h cm) with wire shelf, footrest, 20 mm thick ivory melamine top and tubular structure Ø 28 mm.

The **Desk with wire shelf h848_42** is a single-seater rectangular table designed for setting up individual work and study stations in school and educational environments. This piece of furniture solves the operational need to combine a stable work surface with orderly management of educational material, avoiding clutter on the top thanks to the integrated wire shelf and promoting correct posture with the aid of the footrest. Aimed at schools, educational institutes and training centers that require functional solutions for students, the table has dimensions of 70 x 50 cm, a height from the ground of 59 cm and a net weight of 11.15 kg. The load-bearing structure is made of 28 mm diameter tubular steel, available in Light Grey and Metallic color variants. The worktop consists of an Ivory-colored melamine panel with a thickness of 20 mm, completed by a practical wire shelf and an integrated footrest.
