

Digital electromagnetic hotel safe h3123

Free-standing safe with high-security electromagnetic lock. Emergency override key. Master code.

The **hotel free-standing safe** is a compact and reliable security solution, ideal for storing small valuables within hospitality facilities. Featuring a **high-security digital electronic lock**, this model allows flexible access management for both the guest and the management. The door, with a **thickness of 4 mm**, ensures sturdiness, while the aesthetics are refined in detail thanks to the contrast between the grey body and the gold finish keypad. The interior is provided with a practical mat to protect objects from scratches and rubbing.
