

Digital hotel safe h3115

Motorized digital hotel safe with backlit display. It can accommodate a 17" notebook. Audit trail of the last 100 operations and mechanical emergency override key.

The **motorized digital hotel safe** represents the excellence of Italian design and security, offering a high-quality solution for guest peace of mind. Characterized by an elegant **laser-cut front (6 mm thickness)** and a refined elliptical door, this safe solves the need to store bulky electronic devices, being specifically sized to hold a **17" Notebook**. The system is equipped with a blue liquid crystal backlit display and illustrated instructions on the front for easy use. Security is guaranteed by a motorized digital lock with automatic door opening and advanced control via the **audit trail of the last 100 operations**.

Technical features

- **Construction:** Laser-cut front (6 mm thickness) and elliptical door.
- **Capacity:** 24.5 liters (suitable for 17-inch laptops).
- **External Dimensions:** W 44.5 x D 38 x H 20 cm.
- **Internal Dimensions:** W 44.2 x D (not specified) x H 18 cm.
- **Lock:** Motorized digital with automatic door opening.
- **Codes:** 4-digit guest code and 6 different hierarchical master codes.
- **Bolts:** 17 mm diameter in steel.
- **Emergency:** Opening with mechanical key (hidden hole).
- **Lighting:** Internal LED light and blue backlit LCD display.
