

Dining room service station h684_117

Elegant professional waiter station for dining rooms (compact 2-module version). Laminated wood structure with aluminum-colored details, reinforced base and oversized 125 mm wheels. Includes 2 drawers with adjustable dividers and a 2-door compartment.

The **dining room service station on wheels** is a compact yet extremely robust operating station, designed to ensure maximum efficiency in the intense rhythms of modern catering. Made of high-quality **laminated wood** and embellished with elegant **aluminum-colored details**, this unit stands out for its **reinforced base**, designed to withstand heavy loads without bending. Movement is handled by **professional Ø 125 mm wheels** and a solid lateral push handle, allowing smooth movements even when fully loaded. The internal organization includes **2 drawers with adjustable dividers** for cutlery and a lower **2-door** compartment with an internal shelf, ideal for storing plates, menus, and table linens.
