

Dining room service unit h684_111

Elegant service unit for restaurant dining rooms with a modern design (waiter station). Made of laminated wood with refined aluminum-colored details, it features 3 drawers with adjustable dividers and 3 lower doors. Hidden wheels included for a clean aesthetic.

The **professional waiter station** is a technical furniture element that combines a modern and refined design with maximum operational functionality for restaurant and hotel interiors. Made of high-quality **laminated wood** with exclusive **aluminum-colored details**, this unit integrates perfectly into elegant and contemporary rooms. The structure is designed to offer impeccable organization: it features **3 drawers with adjustable dividers** for cutlery and **3 lower doors** with an internal shelf for storing plates and linens. A distinctive detail is represented by the **hidden wheels**, which allow the unit to be easily moved for floor cleaning while maintaining the aesthetic linearity of the design.
