

Dining room service unit h684_112

Professional service unit for restaurant dining rooms with a modern design (waiter station). Laminated wood structure with aluminum-colored details, equipped with a reinforced base, oversized Ø 125 mm wheels, 3 doors and 3 drawers with adjustable dividers.

The **restaurant dining room service unit** is a heavy-duty operating station that combines modern aesthetics with superior structural strength. Made of **high-quality laminated wood** and finished with elegant **aluminum-colored details**, this unit is designed to withstand the intense rhythms of professional catering. The **reinforced base** rests on **oversized 125 mm wheels**, which together with the lateral push handle, ensure smooth and effortless mobility even when fully loaded. Internal organization is maximized by **3 drawers with adjustable dividers** for cutlery and **3 doors** with an internal shelf, offering a complete and organized solution for mise en place management.
