

## Coffee and food dispenser with flat front glass 3 kg h15717

Coffee and food dispenser with flat front 3 kg. Particularly suitable for small-sized bulk foods. Made in Italy

Dispenser with flat front usable for both coffee and small-sized bulk foods entirely made in Italy.

It can be used both on a shelf or wall-mounted and is equipped with a polished steel body. Food loading takes place from the top via the hinged lid. The stainless steel body allows the dispenser to last over time; steel is in fact a material very resistant to corrosion and wear, having an excellent performance, both from a functional and aesthetic point of view.

This dispenser is particularly suitable for coffee and small-sized bulk foods such as beans, lentils and small candies, to which it guarantees good flowability. It cannot be used for powdered foods.
