

## Triple cereal dispenser h22017

Breakfast cereal dispenser equipped with three plastic containers. Container capacity: 3.5 each. Dimensions: W.54 x D.17 x H.39.5 cm. Weight: 5.6 Kg.

The **h22017 dispenser** is ideal for serving cereal during breakfast buffets in hotels, bars and cafes. The base is made of silver-lacquered **sheet steel**, while the three containers are made of transparent and resistant **plastic**.

The **triple cereal dispenser** allows you to portion the desired amount without crumbs thanks to a simple rotating motion. Muesli, corn flakes, cereals and dried fruit remain fresh and aromatic for a long time thanks to the **practical bottom freshness-saving cap**.

Dispenser with a simple and functional design, **easy to clean and disassemble**; suitable for bowls with a maximum height of 7.5 cm.
