

Display for betting slips and scratch cards h339_75

Rotating display in transparent plexiglass for betting slips and scratch cards. 12 compartments, 4 mm thickness. Dimensions: W 26 x D 26 x H 71 cm.

The **h339_75 betting slip and scratch card display** is a dynamic display solution in **transparent plexiglass**, designed to optimize the sale and organization of tickets in tobacco shops, betting shops, and bars. Featuring a **revolving counter structure**, this support solves the problem of visibility in confined spaces, allowing the customer to easily consult all the series on display with a simple rotating movement. The display has **12 dedicated compartments**, ideal for dividing betting slips and instant lotteries in an orderly and rational way. Made with a **thickness of 4 mm**, it guarantees high stability and resistance to daily use, maintaining a crystalline transparency that enhances the product on display.
