## Display stand for wet umbrella bags h35801

Painted metal display stand for wet umbrella bags. Equipped with a plexiglass illustrative panel.

The **display stand for wet umbrella bags h35801** is a professional floor stand designed to improve safety and decorum at commercial entrances during rainy days. Made with a sturdy **silver painted metal structure RAL 9006**, this support allows customers to independently pick up and apply drip-proof bags, avoiding dripping on floors and displayed goods. The display stand integrates a **transparent plexiglass instructional panel** that guides the user to correct use, solving the problem of slippery and dirty floors. Thanks to its vertical and non-bulky design, it represents a functional solution for business environments and shops that need an effective and orderly reception presence.

## Technical characteristics

- **Frame material:** silver painted metal RAL 9006.
- **Base:** square, dimensions 29.5 x 29.5 cm.
- **Total height:** 140 cm.
