

Soap dispenser 1 lt anti-vandal lock h18501

Painted steel liquid soap dispenser 250x112mm, equipped with anti-vandal key lock and internal tank for professional environments.

The **push-button liquid soap dispenser** is designed to optimize hygiene and functionality in restrooms with medium-high traffic. The external structure, made of **coated steel**, guarantees superior resistance compared to common plastic dispensers, protecting the device from impacts and mechanical stress. The system is equipped with an **anti-vandal key lock**, essential for preserving the integrity of the consumable in public or shared spaces.

Ergonomics of use is guaranteed by the flap-opening door, a configuration that drastically simplifies maintenance and refilling operations. Inside, a plastic container holds the liquid soap, allowing for easy filling without waste. Monitoring the product level is immediate thanks to the dedicated front slot.

Technical features

- **Material:** Painted steel
- **Operation:** Mechanical push-button
- **Security:** Anti-vandal flap opening with key lock
- **Monitoring:** Front slot for inspection of the residual quantity
- **Dimensions:** Height 250 mm, Width 112 mm, Depth 115 mm
- **Customization:** Available in different colors for architectural integration
- **Installation:** Wall mounting screw kit included in the supply
- **Internal components:** Removable plastic tank
