

## Liquid soap dispenser 0.5 liters in stainless steel h18512

Professional liquid soap dispenser 500 ml in AISI 304 stainless steel. Made in Italy design, push-button operation and safety lock.

This **liquid soap dispenser** represents a reliable and functional solution for hygiene management in professional and high-traffic settings. Designed and manufactured entirely in **Italy**, the device blends a basic and essential design with high structural robustness, allowing its harmonious integration into any type of bathroom furniture, from contract contexts to executive offices.

The shell is made of **AISI 304 UNI X5 CRNI 1810 stainless steel**, an excellent alloy that combines the mechanical properties of steel with exceptional corrosion resistance. Dispensing occurs by pressing an ergonomic button, while a practical **front window** allows constant monitoring of the remaining product level, facilitating maintenance and replacement operations.

## Technical features

- Material: AISI 304 UNI X5 CRNI 1810 stainless steel
- Available finishes: Polished or satin
- Operation: Push-button
- Capacity: 500 ml
- Height: 195 mm
- Width: 95 mm
- Depth: 90 mm
