

Stainless steel liquid soap dispenser h18509

Professional 1-liter soap dispenser in AISI 304 stainless steel. Dimensions 250x112x115 mm. Made in Italy design with vandal-proof lock.

This **liquid soap dispenser** with a 1-liter capacity is specifically designed for intensive professional use. Thanks to its structure entirely **made in Italy**, the dispenser guarantees high quality standards at every stage, from design to final production. It represents the ideal solution for offices and HoReCa businesses, such as bars, restaurants, and accommodation facilities, where robustness must be combined with aesthetics.

The dispenser body is made of **AISI 304 UNI X5 CRNI 1810 stainless steel**, a metal alloy selected for its excellent corrosion resistance and mechanical stability over time. The design includes a practical front **inspection window**, which allows for monitoring the soap level and planning refills without having to open the device. The availability of **polished or satin** finishes allows for the integration of the dispenser into both classic and contemporary furnishing contexts.
