Sanitary bag dispenser h22402

Stainless steel sanitary bag dispenser, 165x135x25 mm. Robust and compact, ideal for wall-mounted installations in professional environments.

The **sanitary bag dispenser** is an essential element for ensuring decorum and high hygiene standards within professional restrooms. Designed for discreet and functional integration, this device solves the need to provide a practical system for sanitary waste disposal, improving the perception of cleanliness and care of the room. The structure, entirely made of **stainless steel**, provides the product with superior resistance to corrosion and impact, making it perfect for high-traffic environments.
