Sanitary bag dispenser h22401

Stainless steel sanitary bag dispenser, dimensions 170x154x25 mm. Wall-mounted, slim design for professional restrooms.

The **sanitary bag dispenser** represents an essential solution to elevate hygiene and decor standards within high-traffic restrooms. Designed to meet the needs of the HoReCa sector and accommodation facilities, this dispenser allows offering an indispensable service to guests, facilitating the disposal of sanitary waste and preventing potential pipe blockages.

The structure is entirely made of **stainless steel**, a material chosen for its anti-corrosive properties and ease of sanitization. The design is optimized for minimal footprint, with a thickness of only 25 mm making it suitable even for the tightest spaces. The top opening is shaped to allow smooth and single bag retrieval, improving operational efficiency and reducing waste.
