

Document shredder h970_06

Powerful and reliable document shredder with large collection capacity, ideal for small workgroups. Dimensions: W 53.8 x D 48.7 x H 88.9 cm. Collection capacity: 130 L.

The **H970_06 document shredder** is a professional solution designed for small workgroups that need a **robust, spacious, and secure** device for the destruction of confidential documents. Thanks to its **powerful 700 W motor**, it guarantees continuous operation without overheating, easily shredding **paper, staples, paper clips, credit cards, and magnetic cards**.

The **H970_06** offers maximum security thanks to the **1.9 x 15 mm particle cut**, certified **P-5 according to DIN 66399**, ideal for highly confidential documents. The **solid steel cutting cylinders**, guaranteed for life, ensure high performance and long-term durability, making it a safe investment for the office.

In addition to power and security, this model is designed for maximum practicality: the **wooden cabinet** with a **wide-opening door** facilitates the emptying of the **130-liter container**, which can collect up to **1,655 shredded sheets**. The **integrated display** signals when the container is full, automatically turning off the device to avoid waste.

The **anti-jam technology with automatic reverse** ensures smooth use without paper blocks, while the **stand-by function** reduces energy consumption when the shredder is not in use. Despite its size, the model is easily transportable thanks to the **integrated wheels**, making it ideal for dynamic work environments.

Don't compromise the security of your data! The **H970_06 document shredder** offers power, reliability, and large capacity for managing your confidential documents. **Buy now** or **request a personalized quote** for larger quantities.

Technical features:

FAQ:

1. Can it shred magnetic cards and credit cards?

Yes, the H970_06 is designed to shred paper, staples, paper clips, credit cards, and magnetic cards.

2. Is the device noisy?

No, with a noise level of only 55 dB, it is also suitable for shared work environments.

3. Does it require frequent maintenance?

No, thanks to the 130-liter container, you can shred up to 1,655 sheets before emptying it.

4. How is the shredder moved?

It is equipped with integrated wheels for simple and practical transport.

5. What does security level P-5 mean?

Level P-5 ensures that documents are reduced to very small particles (1.9 x 15 mm), making them practically unrecoverable.

Mini buying guide:

If you work in an office with **high volumes of documents to shred**, it is essential to choose a model capable of guaranteeing **security, efficiency, and durability over time**. The **H970_06 document shredder** is the ideal choice for **small workgroups**, thanks to its high collection capacity and power.

Thanks to the **P-5 security level**, you can shred highly confidential documents without risk, while the ability to handle **up to 15 sheets at a time** ensures high productivity. Furthermore, the solid structure with **wooden cabinet and integrated wheels** offers stability and ease of movement. The **700 W motor** allows for **continuous cycle** use, ideal for those who need professional performance without interruptions.

If you are looking for a **powerful, spacious, and secure** document shredder, the **H970_06** is the perfect solution for your office.

P-5 Document shredder, H970_06, 1.9x15 mm particle cut, professional office shredder, confidential document management, large capacity shredder, shredder with wheels, sensitive document destruction, high security shredder.
