

Document transport trolley with high-silence wheels h55_88

Document and folder distribution trolley made of 20/10 sheet metal. Number of shelves: 2. High-silence wheels.

To transport documents collected in files and folders within public structures, offices or libraries, there is no better equipment than **file and folder trolleys**. This model, with **two levels and double push handles**, is convenient and easily transportable, thanks to its **4 high-silence non-marking rubber wheels**, ideal for environments that require low noise. Stable and safe, it features **two of the 4 wheels equipped with brakes**. **Compliant with CE standards**, it consists of a **20/10 sheet metal structure painted with acrylic powders**, which give the trolley greater resistance and hardness. The perfect aid to always have documents at hand.

Technical characteristics:

- 20/10 sheet metal structure
- Number of levels: 2
- 15/10 shelf sheet metal
- Use of acrylic powder paints
