

Dog waste bag dispenser h2088

Wall-mounted steel dispenser for dog waste bags with polyethylene bin, fixed on a 230 cm pole, capacity 600 bags.

The dog waste bag dispenser is a complete system ideal for **public parks, gardens and urban centers** where it is necessary to ensure hygiene and order in spaces frequented by dog owners. Composed of a **steel container with a front hole** for controlled bag dispensing and a **high-density polyethylene bin** for collection, the system is mounted on a **230 cm green steel pole**, visible and easily accessible.

The dispenser responds to needs for **practicality, durability and simplified maintenance**, reducing waste management times related to dog waste in public areas.

Technical characteristics
