

Dog waste bag dispenser h86_131

Painted steel dog waste bag dispenser, dim. 11.8x18.7x43.5 cm. Ø50 mm pole attachment, ideal for public urban furniture.

The **dog waste bag dispenser** is an essential element for maintaining urban decorum and public hygiene. Designed for intensive use in outdoor contexts, this device offers a practical and durable solution for managing animal waste in frequented areas. The structure is made of **painted steel**, a material chosen for its high resistance to mechanical stress and the corrosive action of atmospheric agents. The system is optimized for controlled dispensing, allowing the removal of **only one bag at a time**, drastically reducing waste and facilitating the end user.

Technical features
