

## Dog waste bag dispenser h8674

Painted steel dog station with bag dispenser, 500 pcs, modern design, UV resistant, for parks and public gardens.

The dog station is an urban furniture solution designed to facilitate the hygienic management of dog waste in public and

condominium spaces. Combining **practical functionality and contemporary design**, it finds ideal application in parks, municipal gardens, and courtyards, contributing to the maintenance of cleanliness and order in environments frequented by dog owners.

The bag dispenser is made of **painted steel** with a specific anti-corrosion treatment that makes it suitable for continuous exposure to UV rays and outdoor weather conditions. The front opening facilitates rapid bag replenishment, ensuring the constant availability of the supply.

## Technical characteristics

- **Material:** painted steel with anti-corrosion treatment
- **Capacity:** 500 bags
- **Configuration:** front opening for loading
- **Resistance:** UV protection for outdoor environment
- **Dimensions:** L.315 x D.175 x H.2280 mm
